

ALLGREEN VACUUM ROBOT CLEANER SOLUTION

For Domestic Robot Cleaners with Wet-Mopping Functions
SLES/SLS-Free • Dye-Free • Fragrance-Free

PRODUCT DESCRIPTION

ALLGREEN Vacuum Robot Cleaner Solution is a floor cleaning product developed for domestic robot cleaners equipped with wet-wiping or mopping functions. It helps remove everyday dirt from compatible, water-cleanable hard floors.

The product contains no SLES, SLS, added dyes or fragrances. Use is limited to devices and applications where the equipment manufacturer permits cleaning solutions.

PRODUCT FEATURES

- **Robotic Floor Cleaning:** Developed for wet-wiping and mopping applications in domestic robot cleaners.
- **SLES-Free:** Contains no Sodium Laureth Sulfate.
- **SLS-Free:** Contains no Sodium Lauryl Sulfate.
- **Dye-Free:** Contains no added dyes or colourants.
- **Fragrance-Free:** Contains no added perfume or fragrance.
- **Everyday Floor Care:** Helps remove daily surface dirt from compatible hard floors.

The absence of added fragrance does not exclude a characteristic raw-material odour.

APPLICATIONS

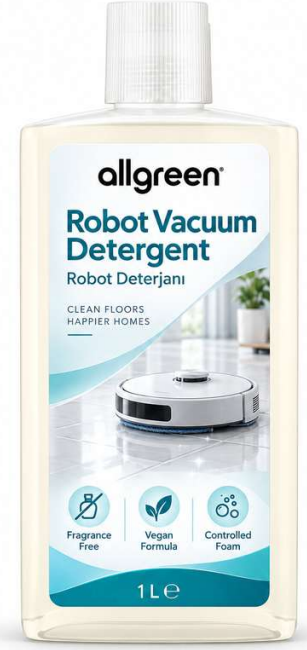

For domestic robot cleaners with wet-wiping or mopping functions that permit the use of cleaning solutions.

Suitable applications include compatible ceramic tiles, porcelain tiles and other water-cleanable hard floors, subject to the flooring manufacturer's care instructions.

Compatibility with wood, parquet, laminate, natural stone and specially coated floors must be confirmed before use.

DEVICE COMPATIBILITY

Check the robot cleaner's operating manual before use. Do not use without manufacturer approval in devices that require water only or a specific proprietary cleaning product. Add the product only to the compartment designated by the equipment manufacturer and follow the specified application method. Instructions for clean-water tanks may differ from those for separate detergent cartridges or dosing compartments. Do not add to dust containers, electrical components or unsuitable compartments. Not for robots designed exclusively for dry vacuuming.

ALLGREEN VACUUM ROBOT CLEANER SOLUTION

DIRECTIONS FOR USE

Confirm compatibility with both the device and the flooring. Follow the dosage and dilution instructions on the product label together with the equipment manufacturer's directions.

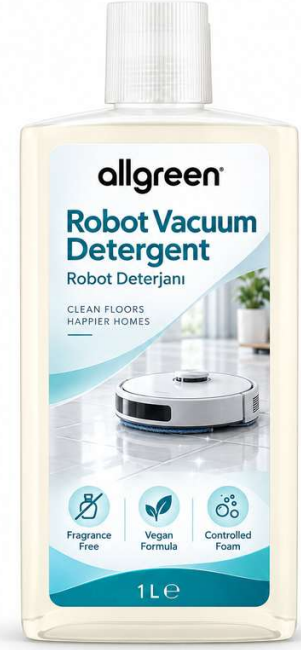

Add the product or prepared solution only to the designated compartment. Do not exceed the maximum fill level. For devices with a separate automatic dosing system, follow that system's operating instructions.

Start an appropriate cleaning programme. After use, clean mop pads, tanks and other serviceable parts according to the equipment manufacturer's maintenance instructions.

Do not increase the dosage to improve cleaning performance. Do not add other detergents, polishes, disinfectants or fragrances.

LIMITATIONS OF USE

The product is not claimed to be compatible with every robot brand or model. The absence of SLES and SLS does
