

FOAMING HAND WASH – GENTLE CLEANING WITH GLYCERIN

Foaming Hand Wash is a mild hand cleansing product developed for effective daily hygiene without drying the skin. Enriched with glycerin and betaine, it helps cleanse the hands gently while supporting a soft, smooth, and comfortable skin feel after washing. Designed for use in foam soap dispenser systems, it produces a rich and pleasant foam that rinses away easily. Its Flower or White Soap fragrance options provide a refreshing washing experience suitable for frequent use in public, professional, and domestic environments.

Intended Use

The product is intended for routine hand washing and daily hygiene applications in dispenser-equipped washrooms. It is designed to remove everyday dirt and impurities from the skin while maintaining a gentle and skin-friendly cleansing profile. It is suitable for frequent use in public, institutional, commercial, and workplace environments.

Application Areas

The product may be used in schools, kindergartens, hotel and restaurant washrooms, shopping malls, public areas, factories, offices, workplace lavatories, and other dispenser-equipped washroom systems. It is suitable for regular hand hygiene in locations requiring practical, frequent, and user-friendly hand cleansing.

Product Advantages

The product provides gentle and effective hand cleansing through a rich foam structure that spreads easily over the skin. Its moisturizing support from glycerin and betaine helps reduce the drying effect often associated with repeated hand washing. It is compatible with standard foam soap dispensers and leaves the hands feeling soft, smooth, and refreshed after use. Its mild formulation is suitable for frequent daily use and is available in pleasant Flower or White Soap fragrance options.

Directions for Use

Fill a suitable foam soap dispenser with the product. Dispense a small amount of foam into the hands. Lather thoroughly for at least 20 seconds, making sure to cover all hand surfaces. Rinse well with clean water and dry with a clean towel. Use regularly as part of daily hand hygiene.
