

## WC CLEANING FOAM

### Single-Use 100 g Sachet • Water-Activated Foaming Cleaner

#### PRODUCT DESCRIPTION

WC Cleaning Foam is a powder cleaning product developed for toilet bowls. It activates on contact with water, producing expanding foam that rises inside the bowl and spreads into hard-to-reach areas, helping loosen dirt for brush-assisted cleaning.

Supplied in single-use 100 g sachets. Each sachet provides one cleaning application.

#### PRODUCT FEATURES

- **Water-Activated Foam:** Starts foaming on contact with toilet bowl water.
- **Expanding Foam Action:** Rises inside the bowl and spreads over the areas to be cleaned.
- **Easier Cleaning:** Helps loosen dirt and residues for removal with a toilet brush.
- **Single-Use Dose:** A 100 g sachet provides convenient application without measuring.
- **Simple Application:** Pour the sachet contents directly into the toilet bowl water.

#### APPLICATION

For use on compatible ceramic and porcelain toilet bowl interiors. Developed for brush-assisted cleaning of the water-containing section and internal areas reached by the foam.

#### DIRECTIONS FOR USE

Ensure that no other cleaning product is present in the toilet bowl. Flush beforehand if necessary to remove residues.

Open one 100 g sachet and pour the powder into the water in the bowl, avoiding splashes and keeping your face away. Use only the sachet contents; do not put the packaging into the toilet.

Allow the product to activate and the foam to rise inside the bowl. Follow the waiting time stated on the product label.

Scrub the bowl interior and rim with a toilet brush. Flush to rinse away the foam and loosened dirt. Repeat rinsing if necessary.

Use one sachet per application. Do not add more product or hot water while the foam is rising. Do not use in a blocked toilet or a bowl with an unusually high water level.

## WC CLEANING FOAM

### SURFACE COMPATIBILITY

Follow the toilet manufacturer's care instructions. Check suitability before use on specially coated or sensitive surfaces.

Avoid unnecessary contact between the powder or prepared foam and toilet seats, metal fittings, natural stone or surrounding surfaces. Remove splashes with a suitable cloth and rinse the affected surface with water.

### PACKAGING AND STORAGE

Supplied in single-use 100 g sachets.

Store in the original, unopened packaging in a cool, dry place away from direct sunlight. Protect from moisture and contact with water. Open immediately before use and use the entire contents of the sachet.

### SAFETY INFORMATION

Keep out of reach of children and pets. Do not ingest. Avoid contact with eyes and skin, and avoid inhaling powder dust. Wear protective gloves and ensure adequate ventilation during use.

Do not mix with bleach, acidic cleaners or other cleaning chemicals. Do not mix the product with water in a sealed container. Do not use the toilet during application or foaming.

Refer to the product label and Safety Data Sheet for detailed safety precautions and first-aid information.
