

BIODEGRADABLE ANTI-MITE FABRIC & SURFACE CLEANER SPRAY – VEGAN

Product Description

Biodegradable Anti-Mite Fabric & Surface Cleaner Spray is a gentle plant-based cleaning product developed for freshening fabrics and washable household surfaces. It is designed to help remove dust buildup, light surface residues, and unwanted odors from mattresses, pillows, sofas, carpets, curtains, and other textile surfaces. The formula supports a cleaner and fresher indoor environment without leaving harsh chemical residues behind. It is fully vegan and biodegradable and does not contain SLS, SLES, ammonia, phosphates, chlorine, parabens, or artificial dyes.

Intended Use

The product is intended for routine cleaning and freshening of fabric-covered household areas and compatible soft surfaces. It is suitable for homes and professional interior environments where gentle textile and surface maintenance is required. It is designed for users seeking a plant-based and biodegradable cleaner for regular care of mattresses, upholstery, carpets, and similar materials.

Application Areas

The product may be used on mattresses, pillows, sofas, carpets, curtains, fabric-covered furniture, textile surfaces, and other washable household areas requiring dust and odor control. It is suitable for family homes, child-friendly interiors, pet-friendly living areas, and similar indoor environments. It may also be used in professional cleaning and hospitality applications where gentle fabric and surface freshening is preferred.

Product Advantages

The product helps freshen textiles and surfaces while supporting removal of dust particles and light surface residues. Its vegan and biodegradable formula provides a gentle cleaning profile suitable for daily or routine use. It is free from SLS, SLES, ammonia, chlorine, phosphates, parabens, and artificial dyes. The formulation leaves no visible residue on fabrics when used as directed and provides a light natural fragrance that helps reduce unwanted odors without overwhelming the indoor space. It is suitable for use in homes with children and pets when applied according to instructions.

Directions for Use

Spray the product lightly and evenly onto the textile or surface area to be refreshed or cleaned. Allow the product to settle briefly, then wipe if needed or allow the surface to air dry depending on the application area. For fabrics and delicate materials, test first on a small inconspicuous area before full use. Repeat the application as needed for routine maintenance and odor control. Do not oversaturate sensitive textiles or non-washable materials.

BIODEGRADABLE ANTI-MITE FABRIC & SURFACE CLEANER SPRAY – VEGAN**Physical and Chemical Properties**

Form: Liquid spray
Odor: Light natural fragrance
Application Type: Fabric and surface cleaner spray
Residue After Use: None when used as directed
Drying Character: Quick-drying
Biodegradability: Biodegradable
Formula Type: Plant-based, vegan

Packing

Available in flexible packaging options including 1 L, 2 L, 3 L, and 5 L bottles for consumer use, as well as 10 L, 20 L, and bulk supply options for larger-scale applications. Custom packaging, private label, private label manufacturing, contract filling, fragrance customization, trigger sprayer selection, bottle color options, and full label design support are available upon request for wholesale and professional distribution needs. Concentrated versions may also be supplied to reduce storage and shipping costs.

Storage Conditions

Store in the original, tightly closed container in a cool, dry, and well-ventilated place. Protect from direct sunlight, frost, and excessive heat. Keep the container securely closed when not in use.

Safety Information

Use the product only as directed. Avoid contact with eyes. Keep out of reach of children and unauthorized persons. Do not mix with other cleaning chemicals unless compatibility has been confirmed. For textile applications, always test first on a small hidden area before full use. Refer to the Safety Data Sheet (SDS) for detailed information on safe handling, storage, first aid measures, and disposal.

General Information

The information provided in this Technical Data Sheet is based on current knowledge and practical experience. It is intended as a general guideline for product application, handling, and storage, and does not constitute a guarantee of performance under all conditions of use.
