

BIODEGRADABLE MULTI-SURFACE CLEANER – VEGAN

Product Description

Biodegradable Multi-Surface Cleaner is a plant-based cleaning product developed for fast and effective daily cleaning across a wide range of household and professional surfaces. It helps remove dirt, light grease, dust, and everyday residues while drying quickly and leaving a clean, streak-free appearance. The formula is designed to support practical routine cleaning in kitchens, bathrooms, living areas, and other frequently used spaces. It is fully vegan and biodegradable and does not contain SLS, SLES, ammonia, phosphates, chlorine, parabens, or synthetic dyes.

Intended Use

The product is intended for routine cleaning of washable hard surfaces in domestic and professional environments. It is suitable for users seeking a vegan and biodegradable multi-surface cleaner with plant-based cleaning performance and quick-drying, residue-free results. It is designed for daily maintenance cleaning where surface freshness, ease of use, and broad compatibility are required.

Application Areas

The product may be used in kitchens, bathrooms, glass areas, living spaces, and other interior environments requiring regular cleaning. It is suitable for washable hard surfaces such as counters, tiles, sealed wood surfaces, glass, plastic, metal, and similar daily-use areas. It is not recommended for unsealed wood.

Product Advantages

The product provides effective plant-based cleaning performance on a wide variety of surfaces. It helps lift dirt and light grease quickly and supports faster routine cleaning in busy home and workplace environments. Its fast-drying structure helps prevent streaks and leaves no visible film or sticky residue when used as directed. The formulation is vegan and biodegradable and is free from SLS, SLES, chlorine, phosphates, ammonia, parabens, and artificial dyes. It is suitable for daily use in family environments, including homes with children and pets, when used as directed.

Directions for Use

Apply the product directly onto the surface or onto a clean cloth depending on the cleaning area and level of soiling. Wipe evenly across the surface until clean and dry. Repeat if necessary for heavier dirt or grease. For best results, test first on a small inconspicuous area before full use on delicate, coated, or specialty surfaces. Do not use on unsealed wood.

Physical and Chemical Properties

Form: Liquid

FOR MORE INFORMATION, PLEASE CONSULT THE MATERIAL SAFETY DATA SHEET

BIODEGRADABLE MULTI-SURFACE CLEANER – VEGAN

Odor: Fresh, pleasant fragrance

Application Type: Multi-surface cleaner

Drying Character: Fast-drying

Surface Finish: Streak-free when used as directed

Residue After Use: None when used as directed

Biodegradability: Biodegradable

Formula Type: Plant-based, vegan

Packing

Available in flexible packaging options including 1 L, 2 L, 3 L, and 5 L bottles for consumer use, as well as 10 L, 20 L, and bulk supply options for larger-scale applications. Custom packaging, private label, private label manufacturing, contract filling, fragrance customization, trigger sprayer selection, bottle color options, and full label design support are available upon request for wholesale and professional distribution needs. Concentrated versions may also be supplied to reduce storage and shipping costs.

Storage Conditions

Store in the original, tightly closed container in a cool, dry, and well-ventilated place. Protect from direct sunlight, frost, and excessive heat. Keep the container securely closed when not in use.

Safety Information

Use the product only as directed. Avoid contact with eyes. Keep out of reach of children and unauthorized persons. Do not mix with other cleaning chemicals unless compatibility has been confirmed. Refer to the Safety Data Sheet (SDS) for detailed information on safe handling, storage, first aid measures, and disposal.

General Information

The information provided in this Technical Data Sheet is based on current knowledge and practical experience. It is intended as a general guideline for product application, handling, and storage, and does not constitute a guarantee of performance under all conditions of use.
