

NATURAL BIODEGRADABLE WOOD CLEANER – VEGAN

Product Description

Natural Biodegradable Wood Cleaner is a gentle and effective cleaning product developed for finished wooden surfaces in homes, offices, and commercial interiors. Its plant-based formula helps remove dust, light grease, fingerprints, and everyday surface residues without damaging the natural texture or appearance of the wood. The product is designed to refresh wooden surfaces while maintaining their natural warmth and clean finish. It is fully vegan and biodegradable and does not contain SLS, SLES, ammonia, chlorine, phosphates, parabens, silicones, synthetic dyes, or harsh solvents.

Intended Use

The product is intended for routine cleaning and maintenance of finished wooden surfaces requiring gentle but effective care. It is suitable for users seeking a plant-based and biodegradable wood cleaning solution that helps preserve the natural look of interior wood surfaces. It is designed for daily and regular cleaning applications in domestic and professional environments.

Application Areas

The product may be used on wood furniture, tables, chairs, shelves, cabinets, doors, countertops, laminate flooring, and other finished wooden surfaces. It is suitable for interior wood surfaces in homes, offices, retail spaces, and hospitality environments. It is not recommended for untreated or raw wood.

Product Advantages

The product provides gentle cleaning performance for finished wooden surfaces without stripping or dulling the natural finish. Its plant-based and biodegradable formulation helps remove dust and everyday residues while supporting a clean and refreshed surface appearance. It is free from SLS, SLES, ammonia, chlorine, phosphates, parabens, silicones, synthetic dyes, and harsh solvents. The formulation helps reduce surface buildup and supports regular care of wood furniture and flooring. Its mild natural fragrance leaves a pleasant clean feeling without being overpowering.

Directions for Use

Apply the product directly onto the surface or onto a soft clean cloth depending on the application area. Wipe the wooden surface gently and evenly to remove dust and residue. Allow the surface to dry naturally if

needed. For routine care, use regularly on finished wood surfaces. Always test first on a small inconspicuous area before full application, especially on delicate finishes. Do not use on untreated or raw wood.

Physical and Chemical Properties

Form: Liquid

Odor: Mild natural fragrance

Application Type: Wood surface cleaner

Drying Character: Quick-drying

Residue After Use: None when used as directed

Biodegradability: Biodegradable

Formula Type: Plant-based, vegan

Packing

Available in flexible packaging options including 1 L, 2 L, 3 L, and 5 L bottles for consumer use, as well as 10 L, 20 L, and bulk supply options for larger-scale applications. Custom packaging, private label, private label manufacturing, contract filling, fragrance customization, trigger sprayer selection, bottle color options, and full label design support are available upon request for wholesale and professional distribution needs. Concentrated versions may also be supplied to reduce storage and shipping costs.

Storage Conditions

Store in the original, tightly closed container in a cool, dry, and well-ventilated place. Protect from direct sunlight, frost, and excessive heat. Keep the container securely closed when not in use.

Safety Information

Use the product only as directed. Avoid contact with eyes. Keep out of reach of children and unauthorized persons. Do not mix with other cleaning chemicals unless compatibility has been confirmed. Refer to the Safety Data Sheet (SDS) for detailed information on safe handling, storage, first aid measures, and disposal.

General Information

The information provided in this Technical Data Sheet is based on current knowledge and practical experience.
